

Name: _____

Play-Doh Take-Away

Subtraction on a number line · sheet 1

1. Roll a Play-Doh snake as long as the FIRST number.
2. Lay it on the line, starting at 0.
3. Count the SECOND number from the top down and cut there.
4. Take the top piece away. Put the piece that is left back at 0 and see how long it is.
5. Write that number. That's the answer!

Example: 7 – 5

Roll it to 7. Cut at 5. The bottom piece is 2 inches.

7 – 5 = 2

2 – 1 = _____

roll 2, cut at 1

5 – 2 = _____

roll 5, cut at 2

3 – 2 = _____

roll 3, cut at 2

5 – 3 = _____

roll 5, cut at 3

4 – 2 = _____

roll 4, cut at 2

5 – 4 = _____

roll 5, cut at 4

Print at actual size (100%).
This square should be exactly 1/2 inch.
